

WELCOME PILOT

We give you the warmest welcome to the **MEDUSSA ESPAÑA 1000 MILES**
THE MEDUSSA RALLY SPANISH EDITION WILL TAKE YOU TO THE LIMIT...

IT IS NOT SUITABLE FOR WEAK MINDS...
THE STRENGTH OF THE SPIRIT OF PERSEUS WILL ACCOMPANY YOU...

which will take place from MAY 31 TO JUNE 2, 2024 with headquarters in Madrid.

Each of the endurance rallies are to test yourself, but remember that the main objective is to reach the finish line safely.

Below you will find instructions and agenda, as well as letters and important documents for the rally.

- Attached responsive letters must be completed on the day of KIT delivery and delivered to the STAFF before receiving the KIT.

- Attached mileage sheet, which must be signed by the judges at the start and finish.

- You must comply with the respective check points and the route, if you need a ticket at the end of the route you will be disqualified.

Remember this is an ENDURANCE RALLY, not a speed race, you have to reach the finish line safely, you must be very careful with the trailers and stay away from them, buoys, do not cross them diagonally as they can derail, no want to beat a car, trailer, etc.

RECOMMENDATIONS.

Check the weather forecast, usually in this season the weather is variable, rain is also present, we suggest you be prepared.

- You must study the route and locate gas stations in time according to the autonomy of your motorcycle, in order to make the necessary recharges and not waste time making extra stops or running out of gas at some point, also locate the CHECK POINT points in advance. mandatory and mandatory tickets so that you do not overlook them and reach the finish line with something missing and for this reason you cannot obtain your certificate.
- It is very important to stay hydrated throughout the entire route, so include in your plan to drink water before and throughout the route, because once you are dehydrated, problems with fatigue, cramps, headaches, sleepiness, disorientation begin, and once you are like that, it is almost impossible for them to recover in a short time and that could cause them not to finish the rally in a timely manner or make a mistake that could end in an accident.
- We suggest that you always be on the move and not stop except to get fuel, a bathroom, some light food and when your body really needs a rest, since it is a long journey and the accumulation of lost time can lead you to despair at the end. see that time is shortening and that there are many kilometers left to travel.
- The key to lasting a long time on the motorcycle and not wasting time is to take advantage of any opportunity to stretch your legs and stimulate blood circulation when making obligatory stops at gas stations and traffic lights. This is done simply by standing up while on your bike. motorcycle, move your body and stretch at every opportunity you have even if you don't feel the need to do so.
- You have to push yourself not to waste time, but we should NEVER give up safety, so if you feel tired or sleepy, stop first.

WHAT EQUIPMENT IS MANDATORY FOR PILOTS?

It is a fundamental part of each rally endorsed by AREM EUROPE & IRON BUTT ASSOCIATION SPAIN & IRON BUTT WORLDWIDE that the drivers use the minimum required safety equipment that consists of:

- FULL FACE or MODULAR helmet – Open face / three-quarter helmets are not accepted.
- Jacket with CE LEVEL 2 back protection on elbows, back and shoulders / Protective skeleton is accepted
- Cordura pants or jeans with Kevlar – external knee pads are acceptable
- Complete motorcycle gloves.
- Boots or special footwear for motorcycling.
- Tennis shoes are not accepted even if they are for motorcycling (they are for urban use, not for road use)

WHAT MOTORCYCLES CAN PARTICIPATE?

All makes, cc, models and years are welcome.

Remember that the motorcycles to participate will be inspected and it is the obligation of each rider to have their motorcycles in optimal condition. Motorcycle not approved in the final inspection cannot be part of the rally.
